- \* **Areas of Intervention:** Awareness creation, Sensitization and Mobilization, creating forum between communities and decision makers, developing tools & materials to enhance education, promotion of Savings, Support to adult literacy & ECCD, building capacity of PTCs, support for vulnerable children, provision of material, addressing issues of HIV/AIDS

# Cont'd

## **Where we work:**

Members are in various Districts although changes do happen from time to time due to closing and starting of new programmes

# Challenges

- \* The working group is missing an anchor within the ministry hence difficult to get support when needed
- \* Membership is still small yet there are many actors in the field of Community involvement
- \* Some members remain inactive in the WG activities
- \* Sharing of information is still limited between the members

# Way Forward for 2013/2014

- \* Continue the close collaboration among members
- \* Advocacy to have a focal person in REB/MINEDUC
- \* Encourage for inter NGO partnership for sharing of information & knowledge
- \* Follow up on the validation of the Parents Teacher Committee Manual with MINEDUC
- \* Draw up the WG Annual Action plan
- \* Mapping the various actors in the area for Community involvement

Thanks for your Attention!!!
